PROSPECTUS OF A new Story on an old Subject.

THE AUTHOR, in presenting the following work to the public can not but feel that he has an ardinous task to THE AUTHOR, in presenting the following work to the public can not but feel that he has an ardinous task to perform in catering to the public taste, and has nonewhat digressed from the established rules, and customs of an thors by taking up a subject which, if carefully persued, and the advice herein contained followed, the ambition of the author will be gratified to its utmost extent, and the object of this work will have been attained, viz: to put money in my pocket and to give to the careful and indulgent reader a literary treat through the agency of the digestive organs. It might perhaps he necessary to state, that the most of the manuscripts from which this tale was founded was taken from an old dress pocket found in a 2nd hand Clothing Store a few weeks since in New York by the anthor, and originally owned by the indefatigable lies. Tooples, at once conveying to the mind of the reader that a bargain may be expected. Hoping the kind and indulgent public will excase any blunders and look with a garantizing eye upon my humble efforts to provure for them 1st, 5 chests of imperial and Black Tens, the linest ever brought to this market, and put up in such a shape that every one can see it for themselves. Still keeping in view that philanthropic principle which netusted me to purchase of the importers a choice selection of Mocha, Old Gov. Java and Baltimore Rio Coffees. I unsat not digress so far from my subject as to forget that I also laid in a bountiful supply of Baker's Hroma and French Chocolate, an excellent morning drink for my nervous reader in these troublots political times. In compiling the forthcoming work I shall "didnts" pretty extensively on the merits of "FeFF" The following extract taken from the "Bung" letown Fassett will convey some idea of the attention paid to that valuable insect:

to that ralcable insect:

"We take great pleasure in announcing that a celebrated author from one of the Western States is now in our city collecting specimens for a forthcoming work, upon which he is engaged. We notice a large invoice of the genuine "Heidsick Champayne" Together with a full assortment of choice Wines and Liquora, among which the justly celebrated Tehernay Brandy, all of which the liberal author intends to treat his many readers, to or as many of them who have the magnamity to pay for it. We wish the author success to his new work, which is to be

wish the author success to his new work, which is to be called "Fe Fig".

As the author feels incompetent to proceed in that Figury style so common with writers of the present day, he begs to say that in its proper place in the work he will serve up 200 bags of that indespensable article in 25, 50 and 100 ib bags, thereby leaving it at the option of the readers to Flour to their own tasie. For "feer" (and what author is without it) that this stupendous enterprise might end in "movic" the author has carefully laid in a large and choice collection of "Sourz," which will give each and choice collection of "Sours," which will give each reader an opportunity of sustaining the author by giving reader an opportunity of sustaining the author of gring him a "puff," and furthermore, is order to veryify the oldProverb of where there is so much smoke there must be some fire, the compiler of these valuable manuscripts has added a heavy stock of "Matches". As another digres sion, for which I beg pardon of all authors who "pince" their concoctions with brilliant showers of wit and humor, I have employed a substitute, which I cannot but believe is of a more substantial nature, viz: a choice assortment of Nutmegs, Ginger, Chamamon, Cloves, French, English and Kenturin Mustards, Allepies, Pepper, ground and unground, Cataops of different varieties, Worcestershire John Bull and Harvey Souces, and in the place of sweetening the many beautiful passages, which will occur from time to time with mornlight rays, seplays breezes, and the nector sip'd from the pure lipe of innocence, I have employed the more powerful argument of Pausaceae, Crush-ad, Louf, Clarified and Granulated, and different degrees of Resum Sugars combined with the more liquid streams of Reto led, Sugar House and Plantation Molasses, and the bright and flowing Gilden Syrup. How beautiful, in-dulgent reader, does Pope or Gulliver (the author does not

And gather Honey—I here beg leave to say that in order more fully to carry out the objects of this same work, I have provided myself with a large stock of noney the author above speaks of, which will be used in its natural state or "strained" to suit the taste of the reader, as "straining" is a too common error among authors, which too very often places them in a position where they are compelled to make a "runse." I have in order, if possible to avoid that unpleasant predicament, taken the precaution to provide a large supply of Preston as a high special probably formed some spinion.

As a bright and shining "light" as I intend this work to
be, I shall substitute the agency of Star, Adamantine,
Sperm and Tullow Candles, and to "clarase" the mind
of all impurities shall resort to Castile, their and Common Bur Soap, which together with Wash Boards, Tubs, Buckets, Brooms, and Sorab Brushes, I have procured on abundant supply. As it is a time bonored custom with compilers of great works to first "polish the understanding" of their readers, I take pleasure in stating that I shall for this curpose bring into requisition a full supply of "Black-ing and "Slos Brackes," and in order that the reader may more fully appropriate the sweet and choice selections shore mentioned, I shall preface each chapter with a full description of different varieties of Pickles, Gross & Binckwell's Chow Chow and Piccalli, Gerkin's prepared
Have Radial and pure Cider Vinegar, for as a wise man
once said, every sweet has its sour, or something to that
effect. As this work will, undoubtedly, fall in the hands of a great many highly educated persons, who will look tor the more dignified or "stiff" portions of the work, I shall introduce a heavy stock of Calgales & Forest Pearly Storch, whose stiffening qualities none can say ought ugainst, and another class of readers who are too casely gainst, not another class of "Andr'y" mouthed authors, and are never willing to acknowledge the "Corn," shall be amply supplied with extracts from a large Bin of Corn Med., the Med., or unbotted Four. As the forthcoming work will be attended with enormous expense, owing to the midden arrange of Taxes (the cause of which has never been fully ascertained) the author is compelled to forego the publication until a certain amount of subscribers are obtained, (the amount of subscribers limited to 20,000) but specimens of the promised literary hash can be seen at his studio, No. 30 Market street, every day, and full instructions given to those who will purchase the ingredients and are desirous of embarking upon that "Tempest tosed ngan, an unther's life.

I forgot to mention that all such old fogy authors as Loche and "Rassa" will be ignored, and "clear Sides, Country and Sugar cured Home, Shoulders, de., will be instituted. "I will also state" that "that" Pony will still act in the capacity of assistant editor, the "thertness of a sales" not being sufficient to pronounce him incligible sept26—1m Yours Truly, D. G. For the Complete Cure of Coughs, Colas, Influenza, Asthma, Bronchiffs, Spitting of Blood and all other Lung Complaints tending to Consumption.

THIS preparation is getting into use all over our country. The numerous letters we receive from our various agents, informing us of cures effected in their immediate neighborhoods, warrant us in saying it is one of the best, if not the very best Cough Medicane now before the publicati almost invariably relieves and not unfruquently cures the very worst cases. When all other Cough preparations have failed, this has relieved the patient, as Druggists, dealers in Medicines, and Physicians can testify. Ass the Agent in four nearest town, what has been his experience of the ers in Medicines, and Physicians can testify. Ask the Agent in your nearest town, what has been his experience of the effects of this medicine. If he has been selling it for any length of time he will tell you it is the best medicine extant. Below we give a few extracts from letters we have received leastly regarding the virtues of this medicine.

Dr. S. S. Oslin, of Knoxville, Ga., says.—I have been using your Liverwort and Tar very extensively in my practices for three years past, and, it is with pleasage I state my belief in his superiority over all other articles with which I am acquainted, for which it is recommended.

Messes, Fitzgerald & Brenners, writing from Waynesville, N. C., says.—The Liverwort and Tar is becoming daily more popular in this country, and we think justly so. All who have tried it speak in commendable terms of it, and say it is recommended.

Our Agent in Pickens District, S. C., Mr. S. R. McFall, assures as that he uses it with great benedi in his own family and recommends it to his neighbors." He gives an instance is negro woman in his vicinity, who had been suffering with disease of the Langs for years, attended with sever cough, who was relieved by the liverwort and Tar.

Such are the good reports we near of this Medicine from all parts of the South. For a report of the surprising cures it has performed in the Western and Northern and Eastern States, we would invite the suffering patient to read the pamping the companies which seconpanies each bottle. To a meany they in your nearest town, what has been his experience of the
